

# Panel discussion: Parenting in academia

Combining a family and an academic career can be a challenging task and every parent has their own way of managing this. Three panel members will tell us about their experience having children while pursuing a career in science. After a brief round of introduction, they will happily answer all of our questions about this topic. A representative from HR will present the university's official policy on taking parental leave.

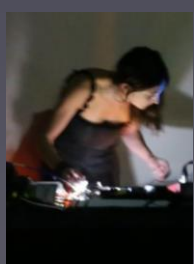

## Our panel members:

**Anita Patel:**  
Professor of Health Economics

**Núria Gavara:**  
Lecturer in Biomedical Engineering and Biomaterials

**Eleonora Oreggia:**  
PhD student in EECS

**WHEN:** Mon, 14th Sep 2015, 12:00 – 13:30 pm

**WHERE:** Fogg Lecture Theatre, Mile End Campus

**RSVP AT:** <https://goo.gl/rhtwwf> (or use QR code below)

We welcome both men and women; and academics from undergraduate to professor. Refreshments will be provided.

Please RSVP so  
that we can provide  
enough catering!
